SERENITY - Free your mind

Be at peace in this wonderfully laid out four bedroom estate home with room for the whole family. Upon entering the property, you will notice the precision and detailed design throughout. The living room and dining room are separated by a structural beam that still allows for inclusive gatherings. A large family room that flows into the nook/dining includes large windows that provide a peaceful bliss during the night and allows for lots of light during the day. The kitchen is huge and centre island filled with enough cabinet space to accommodate all your needs. Upstairs you will find three large bedrooms (one with its own ensuite), a laundry room, open to below area that overlooks the living space on the main and a massive Master Suite.
